

The ultimate cleaning caddy at your service:
cleaningAGENT – cleaning
has never been this easy.

”

**THE RIGHT TOOL
FOR THE JOB
cleaningAGENT!**

All your cleaning stuff when and where you need it.

*„I can get my cleaning done in half the time
when all my cleaning stuff is ready to hand.
Wiping surfaces, cleaning floors and
windows – everything I need is right there
in my cleaningAGENT caddy!“*

ALL MY CLEANING STUFF READY TO HAND

High-sided containers make sure tall bottles stand firm and don't tip over.

Containers are resistant to acids and aggressive cleaning agents. They lift out easily and are simple to clean – they're dishwasherproof of course.

A clever, easy-care solution
cleaningAGENT.

Totally practical, extremely compact and manufactured to the highest standards. For all its light weight and compact design, cleaningAGENT has a lot of practical features and gives you ample space for all your cleaning stuff. The top layer has compartments to organise sponges, brushes and other implements. Pull the whole caddy out with one finger. Close it with a gentle push – thanks to Softstopp, closing is gentle, controlled and noiseless.

Top marks for practicality: Container with ergonomic easy-grip handle. All the plastic containers can be lifted out and washed in the dishwasher – your cleaningAGENT caddy will always be clean and hygienic.

A CLEVER CADDY IS THE SECRET

The containers conceal most of the central support frame, seeming to float, for a light and elegant look. This attractive design is combined with ultra-easy access to all the contents.

IN CLEAR VIEW AND EASY REACH

The fit-in box is the ideal place to put damp sponges – and it acts as a useful divider for the top container. Everything is in clear view and easy to reach from above.

The cleaningAGENT caddy can be installed – or retrofitted – left- or right-handed in a kitchen unit. Opening the door and sliding the caddy out are two separate actions. cleaningAGENT offers a maximum of practical storage with the smallest possible footprint.

The lift-out container stands firmly on rubber feet that also ensure there's no risk of scratches.

cleaningAGENT:

Turns a cupboard into your cleaning centre.

How ever did we manage without it? A cleaningAGENT caddy will soon be as necessary as a fridge. Because it's almost equally practical – just a lot less expensive and far more compact. It takes a lot of the effort out of daily housework, making sure cleaning materials are kept neat and tidy and that access is quick and easy.

This is a tried and tested technology “Designed in Germany”. It's made of tough materials – which are resistant to all generally available cleaning agents – and manufactured to high standards. All components can be easily lifted out. They can be washed by hand or in a dishwasher. It's a winner from every point of view!

PERFECT ORGANISATION IN YOUR UNDER-SINK CABINET

**Looks
good**
inside any unit!
